### **Alonissos and the marine park**

An exciting trip you should not miss. You will get to know Patitiri, the port of Alonissos, with a great variety of shops and restaurants. You will also visit "Palia Alonissos" or "Palia hora", the old village, which is located above Patitiri, on the top of the hill. It is worth walking through the narrow streets of the village among the stone houses where you can enjoy the breathtaking view of the sea and the neighbouring little islands. First we stop at the most beautiful beaches for a swim and lunch. Then we visit the blue cave and next we reach the marine park and the island "Kyra Panagia". The tranquility of the place and the peaceful crystal clear waters where the protected Mediterranean seal lives will enchant you. You can stay on the boat and enjoy a dive or explore the uninhabited island on foot. Our tour guide will inform you about the history of the island as well as the history of the neighbouring islands. In the evening we get back to Skopelos. We can assure that you will have enjoyed one of the most exiting trips.
