Greek Visa

This section includes detailed information on visas for Greeks travelling abroad (visa requirements by country of destination, Authority responsible for issuing visas to Greeks) and for foreigners wishing to visit Greece and, by extension, the Schengen Area (visa requirements by country of origin, Greek or foreign Authorities that issue visas for Greece abroad).

With regard to Schengen visas, you will find a description of the types of Schengen visa issued, the Schengen institutional framework (in particular, the Schengen Borders Code), as well as procedural issues concerning the issuing of Schengen visas.
